

Legal Assistant, Digital Justice Initiative

The Lawyers' Committee for Civil Rights Under Law is one of the nation's leading national racial justice legal organizations. Formed in 1963 at the request of President John F. Kennedy, the Lawyers' Committee uses legal advocacy to achieve racial justice, fighting inside and outside the courts to ensure that Black people and other people of color have the voice, opportunity, and power to make the promises of our democracy real.

The Lawyers' Committee Digital Justice Initiative (DJI) works at the intersection of racial justice, technology, data, and privacy. DJI was created with the recognition that privacy rights are civil rights, that abuses of personal data often have disparate impacts on people of color and marginalized communities, and that civil rights laws must apply equally offline and online. DJI primarily focuses on the impacts to communities of color from online white supremacy, data-driven discrimination, online voter suppression and disinformation, and discriminatory government surveillance.

The Lawyers' Committee seeks a collaborative, detail-oriented, and highly organized individual to provide both programmatic and administrative support as Legal Assistant for the Digital Justice Initiative. The Legal Assistant will provide programmatic and administrative support for the DJI. The Legal Assistant's time will be split between these functions. Programmatic work may include conducting factual research of tech issues impacting civil rights, assisting with investigations, assisting with policy and legislative research, and monitoring news related to tech, legal, and policy developments. Administrative may include administrative tasks, proofreading and editing documents, assisting with grant writing or funder reports, scheduling, assisting with event planning, file management, notetaking, and supervising interns.

Familiarity with privacy issues, civil rights issues, and/or technology issues is preferable but not required. Previous experience working for a tech company, law firm, government agency, research center, or non-profit advocacy organization is preferable but not required. A demonstrated commitment to advancing civil rights and racial justice is required.
